**§ 307.15 Approval of advance planning documents for computerized support enforcement systems.**

(a) *Approval of an APD.* The Office shall not approve the APD and annually updated APD unless the document, when implemented, will carry out the requirements of § 307.10, or § 307.11 of this part. Conditions for APD approval are specified in this section.

(b) *Conditions for initial approval.* In order to be approvable, an APD for a statewide computerized support enforcement system described under § 307.10, or § 307.11 must meet the following requirements:

(1) The APD must represent the sole systems effort being undertaken by the State in accordance with § 307.10, or § 307.11. If the State is requesting a waiver under § 302.85 of this chapter, the APD must specify the conditions for which waiver is requested;

(2) The APD must specify how the objectives of the computerized support enforcement system in § 307.10, or § 307.11 will be carried out throughout the State; this includes a projection of how the proposed system will meet the functional requirements of § 307.10, or § 307.11 and how the single State system will encompass all political subdivisions in the State by October 1, 1997, or October 1, 2000 respectively.

(3) The APD must assure the feasibility of the proposed effort and provide for the conduct of a requirements analysis study which address all system components within the State and includes consideration of the program mission, functions, organization, services and constraints related to the computerized support enforcement system;

(4) The APD must indicate how the results of the requirements analysis study will be incorporated into the pro-

posed system design, development, installation or enhancement;

(5) The APD must contain a description of each component within the proposed computerized support enforcement system as required by § 307.10, or § 307.11 and must describe information flows, input data, and output reports and uses;

(6) The APD must describe the security requirements to be employed in the proposed computerized support enforcement system;

(7) The APD must describe the intra-state and interstate interfaces set forth in § 307.10, or § 307.11 to be employed in the proposed computerized support enforcement system;

(8) The APD must describe the projected resource requirements for staff, hardware, and other needs and the resources available or expected to be available to meet the requirements;

(9) The APD must contain a proposed budget and schedule of life-cycle milestones relative to the size, complexity and cost of the project which at a minimum address requirements analysis, program design, procurement and project management; and, a description of estimated expenditures by category and amount for:

(i) Items that are eligible for funding at the enhanced matching rate, and

(ii) Items related to developing and operating the system that are eligible for Federal funding at the applicable matching rate;

(10) The APD must contain an implementation plan and backup procedures to handle possible failures in system planning, design, development, installation or enhancement.

(i) These backup procedures must include provision for independent validation and verification (IV&V) analysis of a State's system development effort in the case of States:

(A) That do not have in place a statewide automated child support enforcement system that meets the requirements of the FSA of 1988;

(B) States which fail to meet a critical milestone, as identified in their APDs;

(C) States which fail to timely and completely submit APD updates;

(D) States whose APD indicates the need for a total system redesign;
